We are working on a fix. - Font is not loaded properly in IE 8 (the reason why it looks bad is that an image is used to load the font in IE8, but IE8 does not recognize images as fonts). The font has been changed to a system font and added a class to make the font render properly in IE8. We will work on making it look even better soon. ***** Recommended Settings ***** ===== These settings are recommended because they will produce a more pleasing result in the majority of browsers: - Font color: #c9c9c9 - Background color: #f3f3f3 Version 1.1.2 - Fix for IE 8 & other browsers Version 1.1.1 - Fix for IE 7 Version 1.1 - Fix for IE 8 Version 1.0.6 - Fix for IE 6/7 - Fix for Firefox - Fix for Safari/Chrome - Fix for Opera Version 1.0.5 - Add new settings to change fonts and backgrounds - Add new settings to change the font color, background color and icon size - Fix bug in dialog box - Fix for IE6 Version 1.0.4 - Add new features to change the colors - Fix bug in dialog box Version 1.0.3 - Fix bug in dialog box Version 1.0.2 - Fix for IE 6 - Fix for Firefox - Fix for Safari/Chrome Version 1.0.1 - Fix for IE 6 Version 1.0 - Fix for IE 7 - Fix for IE 8 - Fix for IE 6 - Fix for Firefox - Fix for Safari/Chrome - Fix for Opera - New setting: icon size - New setting: font size - New settings: background color and font color Version 0.9.1 - Fix for IE 6 & 7 - Fix
